CHARLES HIGDON, JR.
Superintendent

“Every Child, Every Day”

October 16, 2019

Greetings,

The Taylor County School District would like to take a moment to give you some information on our Safe Schools Plan. We have been working diligently to create comprehensive school safety plans and protocols. There have been numerous planning meetings and professional development sessions to ensure that your children are kept safe and prepared for an emergency. Communication with our families is a key component in our plans. In the event students must evacuate the school, parent information will be disseminated via radio stations, school messenger, district webpage and social media. The reunification location will be announced at that time. When picking up your student, photo identification will be required. Please understand that we are following protocols that are recommended by school safety experts. Our number one goal is to keep every child safe.

Thank you for helping us keep our schools safe. If you have any questions or concerns, please call the Taylor County Board of Education office at 270-465-5371.

Sincerely,

Angela Loy Cook

Director of Pupil Personnel/Safe Schools Coordinator

Bryan K. Cook

Director of Technology/Safe Schools Coordinator
